

# INFRASTRUCTURE

## World-Class Infrastructure for Future-Ready Learning

At Sadhvi Preetisudhaji International School & Junior College, we believe that an inspiring learning environment plays a vital role in shaping confident, creative, and responsible individuals. Our campus is thoughtfully designed to provide students with a safe, technologically advanced, eco-friendly, and student-centric environment where learning extends beyond the classroom. Situated amidst a peaceful and green landscape, the school offers modern infrastructure that supports academic excellence, holistic development, sports, creativity, innovation, and character building. Every facility has been planned to meet the requirements of CBSE education while nurturing 21st-century skills. The campus includes technology-enabled classrooms, well-equipped laboratories, library facilities, sports infrastructure, hostel accommodation, dining facilities, medical support, and comprehensive security systems.

**Smart Digital Classrooms :-** Every classroom is spacious, well-ventilated, and equipped with modern digital teaching tools, smart boards, audio-visual systems, and multimedia learning resources. Interactive teaching methods help students understand concepts through visual learning, collaborative activities, and technology-enabled instruction, making education engaging, effective, and future-ready.

**Science Laboratories:-** Separate and fully equipped laboratories for Physics, Chemistry, Biology, Mathematics, and General Science provide students with opportunities for practical learning, experimentation, scientific observation, and innovation. The laboratories comply with CBSE requirements and encourage inquiry-based learning.

**Computer & IT Laboratory :-** The school has a modern computer laboratory with high-speed internet connectivity and updated computer systems. Students develop digital literacy, programming, coding, research, presentation, and computational thinking skills essential for higher education and future careers.

**Robotics & Innovation Lab:-** Students are encouraged to explore Robotics, Artificial Intelligence, Coding, Design Thinking, and STEM-based learning through hands-on projects that enhance creativity, logical reasoning, teamwork, and innovation.

**Well-Stocked Library :-** The school library serves as the knowledge hub of the campus, providing a rich collection of textbooks, reference books, encyclopedias, journals, newspapers, magazines, storybooks, and digital learning resources. It cultivates reading habits, research skills, and independent learning among students.

**Language & Communication Lab :-** The English Language Laboratory enhances listening, speaking, pronunciation, vocabulary, grammar, and communication skills through interactive language-learning software and audio-visual resources.

**Sports Infrastructure :-** Physical education forms an integral part of student development. The campus offers extensive outdoor and indoor sports facilities including Cricket, Football, Volleyball, Basketball, Kabaddi, Kho-Kho, Athletics, Handball, Wrestling, Running, Jumping, and other games. Professional coaching helps students participate successfully in district, state, and national-level competitions.

**Performing Arts & Activity Rooms :-** Dedicated Music, Dance, Art & Craft, Yoga, and Activity Rooms encourage students to explore their talents, creativity, confidence, leadership, and cultural values through various co-curricular activities.

**Multipurpose Hall :-** A spacious multipurpose hall hosts assemblies, seminars, workshops, competitions, annual functions, exhibitions, cultural programs, and student leadership activities throughout the year.

**Hostel Facilities :-** Separate hostel facilities for boys and girls provide a safe, comfortable, and disciplined residential environment. The hostels include spacious rooms, study areas, recreation facilities, hygienic dining, round-the-clock supervision, CCTV surveillance, and medical support to ensure students feel at home while pursuing their education.

**Dining & Mess Facilities :-** The hygienic dining hall serves nutritious, balanced, and freshly prepared meals under strict quality and cleanliness standards. Special emphasis is placed on students' health, nutrition, and food safety.

**Medical & Health Care :-** Student health and safety remain our highest priority. The campus provides first-aid facilities, regular health check-ups, emergency medical assistance, and immediate healthcare support whenever required.

**Safety & Security :-** The entire campus is protected through 24x7 CCTV surveillance, secure entry and exit systems, trained security personnel, fire safety measures, disaster management protocols, and regular safety drills, ensuring a safe learning environment for every child.

**Green & Sustainable Campus :-** The school promotes environmental responsibility through a green campus, landscaped gardens, tree plantations, solar energy initiatives, clean surroundings, waste management practices, and awareness programs that inspire students to become environmentally conscious global citizens.

**Transport Facilities :-** Safe and reliable school transportation is available with well-maintained buses, trained drivers, experienced attendants, GPS-enabled monitoring (where applicable), and strict safety protocols for students travelling from nearby towns and villages.

### **Why Our Infrastructure Makes a Difference**

- Technology-enabled Smart Classrooms
- Modern Science, Computer & Robotics Labs
- Comprehensive Library & Digital Learning Resources
- Spacious, Safe & Eco-Friendly Campus
- Extensive Indoor & Outdoor Sports Facilities
- Music, Dance, Art & Activity Rooms
- Secure Boys' & Girls' Hostel
- Hygienic Dining Hall & Nutritious Meals
- Medical Care & Health Support
- 24x7 CCTV Surveillance & Campus Security
- Green Campus with Sustainable Practices
- Comfortable Learning Environment for Holistic Development

Our infrastructure reflects our commitment to providing every student with an environment where curiosity is encouraged, talents are nurtured, values are strengthened, and future leaders are created.
